Christleton Primary School

Accessibility Plan

At Christleton Primary School we want all the children to enjoy school, to be challenged to achieve their very best, and to develop a love of learning. We are committed to providing a fully accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, gender, sexual identification, sexual orientation, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to develop a culture of awareness, tolerance and inclusion.

We believe in giving all of our children every opportunity to achieve the highest of standards. We do this by taking account of each pupil's varied life experiences and needs. We offer a broad and balanced curriculum, and have high expectations for all children. The achievements, attitudes and well-being of all our children matter.

Aim

This plan outlines how **Christleton Primary School** aims, over time, to increase accessibility of provision for all pupils, staff, parents / carers and visitors to the school in the three areas required by the planning duties in the Equality Act 2010 (i.e. the curriculum, physical environment and information).

It has been drawn up through ongoing analysis of need and consultation with stakeholders.

A person is regarded as having a disability under the Act where they have a physical or mental impairment that has a substantial and long-term adverse effect on their ability to carry out normal day-to-day activities.

This plan aims to:

- Increase the extent to which pupils with disabilities can participate in the curriculum.
- Improve the physical environment of the school to enable pupils with disabilities to take better advantage of education, benefits, facilities and services provided.
- Improve the availability of accessible information to pupils with disabilities.

The above aims will be delivered within a reasonable timeframe, and in ways which are determined after taking into account pupils' disabilities.

The governing board also recognises its responsibilities towards employees with disabilities and will:

- Monitor recruitment procedures to ensure that individuals with disabilities are provided with equal opportunities.
- Provide appropriate support and provision for employees with disabilities to ensure that they can carry out their work effectively without barriers.
- Undertake reasonable adjustments to enable staff to access the workplace.

The plan will be resourced, implemented, reviewed and revised in consultation with:

- Pupils' parents.
- The headteacher and other relevant members of staff.
- Governors.
- External partners.

This plan is reviewed every 3 years to take into account the changing needs of the school and its pupils. The plan is also reviewed where the school has undergone a refurbishment.

Definition of disability

A person has a disability if they have a physical or mental impairment that has a substantial and long-term adverse effect on their ability to carry out normal day to day activities.

The school supports any available partnerships to develop and implement the plan.

- *Inclusive School (DfES 0774/2001)*
- *SEN & Disability Act 2001*
- *The SEN Revised Code of Practice 2002*
- *The Disability Discrimination Act (amended for school 2001)*
- *Code of Practice for Schools (Disability Rights Commission)*
- *ISI Inspection*

Legislation and Guidance

This document meets the requirements of schedule 10 of the Equality Act 2010 and the Department for Education (DfE) guidance for schools on the Equality Act 2010.

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the Special Educational Needs and Disability (SEND) Code of Practice, 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

Areas of planning responsibilities

- **Curriculum** - Increasing access for disabled pupils to the school curriculum (Includes taught curriculum and the wider curriculum of the school, such as participation in after school clubs, leisure and cultural activities or school visits).
- **Physical environment** - improving access to the physical environment of the school (Includes improvements to the physical environment of the school and physical aids which may be used to access education).
- **Communication** – improving delivery of information to all stakeholders (Includes planning to make written communication accessible for all stakeholders and take account pupil's disabilities and pupil's and parents' preferred formats).

We acknowledge that there is an ongoing need to raise awareness and provide training for staff and governors in relation to disability discrimination and the need to inform attitudes on this matter.

Relevant School Policies

This policy should be read in conjunction with the following documents.

Anti-bullying policy	Dignity at work policy	Looked after children policy
Behaviour and discipline policy	Equality act	Medical conditions policy
Charging and remissions policy	Equality policy	Race equality policy
Child protection policy	Health and safety policy	Safer recruitment policy
	Inclusion policy	SEN Policy and SEN information report

All of these documents, alongside the accessibility plan can be accessed through the school website or requested from the school office.

Monitoring

The accessibility plan will be monitored by the SLT and school governors. The school will continue to work in partnership with the local education authority 'Cheshire West and Chester'.

Ofsted will monitor the plan as part of their inspection cycle.

Targets	Strategies	Timescales	Responsibility	Monitoring	Success criteria
Curriculum					
Is the curriculum designed to allow equal access to all?					
Progress is being made by all pupils across school.	Data is analysed to ensure all pupils are making progress. Data is analysed to identify any inequality of achievement with particular groups.	Termly pupil progress meetings. Termly pupil Progress meetings.	Headteacher Deputy headteacher SENCO	Headteacher and SENCO monitor after each assessment cycle	Pupils in all groups are making progress. Any evidence of inequality or underachievement by any group/s is identified and actions put into place to address.
All staff (teachers and TAs') are confident in the delivery a quality curriculum to pupils.	Staff are provided with high quality training. Expectations are clear and materials are provided to demonstrate progression.	On-going and as required	Headteacher SENCO	Headteacher	Raised staff confidence and full pupil participation in the curriculum.
The curriculum is differentiated to meet the needs of all pupils	Teaching staff provide differentiated lessons to meet the needs of the pupils in their care.	Evidenced through weekly planning and annotations	All class teachers	Subject leaders esp. Writing, reading, maths and science leads. Headteacher and deputy head	In all classes appropriately differentiated lessons are provided which address the needs of all children in the cohort.
The needs of all pupils with identified special educational needs and / or	Termly action plans Access to a broad and balanced curriculum for identified pupils requiring support	Tracking of identified pupils termly. Action plans written using this information to	All class teachers	SENCO to monitor the effectiveness of provision. SENCO to analyse pupil progress termly and yearly to	SEND children's progress is good. SEND children's provision addresses their need.

disabilities are met.	beyond the level provided through differentiation in the classroom.	ensure access to the curriculum. Effective use of TAs to support identified needs		identify progress, patterns and trends	
The needs of pupils with English as a second language are planned for.	Any child with English as a second language receives appropriate differentiated support to enable them to access the curriculum and make progress.	Provision reviewed termly alongside the attainment data.	All class teachers	Pupil progress meetings termly. Additional reports by the SENDCO.	Children with English as a second language make good progress. The provision for children with English as a second language is appropriate and addresses their need.
The school has appropriate resources (staff and physical) to support the needs of its pupils.	Develop resources to ensure that there is appropriate provision to support the access of all children. This may include visual timetables, use of staff, physical resources such as number lines, specific writing materials etc.	Provision is ongoing based on the needs of the pupils within the school. Where appropriate risk assessments are undertaken to ensure needs are met (e.g. toilet plan)	All teachers have responsibility to communicate any needs to the SLT	SENDCO to monitor resources in place across the school and their use.	The resources provided enable all pupils to have full access to all aspects of school life. Academic and personal outcomes are supported
All pupils are able to access the curriculum	Resources (human and physical) are used to ensure that all children	Ongoing as the need arises throughout the year.	All teaching staff	Monitored by curriculum leaders.	The resources provided enable all pupils to access a broad and balanced curriculum

	<p>are able to access the curriculum.
