Be the best you can be

Friday 3rd December 2021

Dear Parents / Carers

Before and After School Provision at Christleton Primary School

As many of you may be aware, Hetty, who have been providing the before and after school provision at the school for the last two years, have given notice that they will be ending their service at Christleton on the 17th December. We appreciate that this news will have caused worry and stress for those parents who rely on this service.

Since Monday, when we became aware that this was their position, the school has been working hard to identify a suitable provider to continue the before and after school provision.

We are thrilled to announce that we have secured the services of S4YC to take over the provision in the New Year.

When considering providers, it was important that we secured a high quality and reliable provider. Our ideal scenario would be a provider with the potential to start the service immediately in January thus providing continuity of service and averting any disruption to our parents.

Whilst this was a lot to ask, I am very pleased to add that S4YC are in a position to run the service from January. They have committed to providing the same provision arrangements and will charge the same amount to parents. All factors we identified as important.

We hope that this news provides reassurance to those parents requiring this service and we look forward to working with the S4YC team in the New Year.

We will send further correspondence out next week, including arrangements for booking places and the opportunity to meet key staff who will be overseeing the provision and ask any questions you may have.

Kind regards,

Mr Mitchell
